Karen: Are you giving flowers to Nikki for VD?
me: yeah, we got it all figured out, just doing dinner at her house
Karen: Are you alone? Call me.
Karen: I can pick you up dinner for two at Central Market tomorrow that you could take over there? And a bottle of wine?
me: we were going to do veal parmesan and pasta
me: bottle of wine would work
Karen: OK, these flowers are gorgeous and I will get a nice bottle of red. What kind do you want? And shall I pick up a pretty chocolate dessert?
me: that'd be great
me: thanks
Karen: OK! Then I'll bring all that over tomorrow along with your clothes when I pick you up -- will you be at home?
